

mlx_resize_hook

```
graph LR; A[mlx_resize_hook] --> B[mlx_resize_callback]
```

A diagram showing a pointer relationship between two variables. On the left, a gray rectangular box contains the text 'mlx_resize_hook'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'mlx_resize_callback'. Both boxes have a thin black border.

mlx_resize_callback
